

Dear Lupin Hill Community,

I hope this message finds you and your family healthy and well. On behalf of the entire Lupin Hill Elementary staff, I want to welcome you to the 2022-2023 school year!

This is going to be an exciting year! We have amazing resources to support students through this unique time in history. Lupin Hill is privileged to have a caring community of parents, teachers, and staff who work together as one family to help our students reach their full potential, and realize success. This year more than ever, the foundation for success starts with close ties and open communication between school and home. Whatever we do as educators to guide, shape, and motivate our students is only multiplied by the loving commitment, interest, and instruction you help to provide at home.

As in every school year, this school year will no doubt be memorable, fun and exciting! We have so many wonderful activities planned, including assemblies, BBQ's, movie nights, student performances, and so much more. This year, we have added new carpeting to our beautiful library, more intervention support for students, and we continue to have a full time counselor to support our students' social emotional learning. We are committed to the safety of our students and staff, and have added additional safety measures this year.

We will continue to strive for academic excellence and support of our students academically and socially and emotionally. We look forward to working in collaboration with parents and community members to prepare our Lupin Hill Tigers for the challenges of being a well rounded member of society.

Know that our team is ready to make this upcoming year a positive and rich experience for your students.

GO TIGERS!

Scott Foli
Principal
Lupin Hill Elementary
