CALIFORNIA JUNIOR SCHOLARSHIP FEDERATION
MEMBERSHIP INFORMATION

What: California Junior Scholarship Federation (CJSF) is a state organization that is the middle school version of the California Scholarship Federation (CSF). A CJSF chapter has been established on the Lindero Canyon Middle School campus to foster high standards of scholarship and citizenship. CJSF is only open to 7th and 8th grade students.

Who: Students must qualify for the California Junior Scholarship Federation by completing the application and meeting the stated requirements for entrance into the organization. Students who qualify as a member for 3 of their 4 semesters in the 7th and 8th grades receive special recognition at 8th grade culmination.

Where/When: 7th and 8th grade students who are interested in applying for CJSF may pick up a copy of the application in the Attendance Office at the end of each semester (January and June), or download a copy from the school web site. The application must be completed for each semester and returned to the attendance office by the deadline (announcement in the daily bulletin will serve as a reminder to students). **Note: enrollment is not automatic; students must apply each semester via the application process.**

Note: The CJSF standards are used as the qualifying criteria for the Astrocamp (Grade 6), Catalina (Grade 7) and Yosemite (Grade 8) trips.

6th Grade Honor Society The 6th Grade equivalent to CJSF is the 6th Grade Honor Society (not to be confused with honor roll). The 6th grade Honor Society students will have the opportunity to attend Astrocamp based on their 1st semester grades.
