The meeting was called to order at 10:00 a.m. via teleconference/video conference.

Ms. Torres began the meeting by discussing the agenda which is comprised of the draft 2022-2023 budget, reserve commitments, RFP/RFQ updates and the meeting schedule for next fiscal year.

**2022-2023 Budget**

Ms. Torres shared proposed 2021-22 budget adjustments, noting that estimated actuals for the 2021-22 school become a foundational starting point for the 2022-23 budget. Significant updates to the current year since the Second Interim include:

- Unfilled classified vacancies, $0.7M savings
- Delay in receiving goods, $1.1M savings
- Timing of revenue, ($1.9M) revenue moved to future years

There is a net change of ($0.1M).
Governor’s Proposed Highlights

Ms. Torres shared proposed highlights of the state budget. She noted that a statutory COLA of 6.56% for 2022-23 was announced by the Governor, plus a 3.29% augmentation to LCFF base funding only. Ms. Torres shared that Special Education funding is based on the 6.56% COLA. Other highlights include:

- One-time discretionary funds, $8 billion block grant
- ADA using three years’ average
- Apply 2019-20 ADA % to 2021-22 enrollment
- Increased Expanded Learning Opportunity Program funding (with increased requirements)
- Universal TK funding “Add-On” per ADA (with requirements)

Ms. Torres did note some items that were not included in the proposal which include:

- No pension relief as STRS and PERS rates are increasing
- No increase to transportation funding
- No unduplicated pupil solution

Ms. Torres stated that the budget adoption will change over the next few weeks as the legislature negotiates with the governor. Key differences include:

- LCFF COLA augmentation %
- Block Grant amounts, allocations, and allowable uses
- Solution to declining enrollment/ADA cliff
- Facilities funding
- Transportation funding

2022-2023 Budget Assumptions

Ms. Torres shared budget assumptions for 2022-23 which include:

- STRS - 19.1% (increase 2.2% of salary)
- PERS - 25.8% (increase 2.5% of salary)
- Workers Comp - 4.4% (increase 0.6% of salary)
• Transportation
  o Routes updated
  o Rate increased 7.4% CPI

• Increased utilities

  o ELOP
  o Expanded TK
  o Center EdX (SpEd Mild-Moderate, ECE, Micro-credential)

• PAEC gradual return to normal
  o $340k rental income
  o $1.35m operating expense

Ms. Torres stated that the total revenue for 2022-23 is expected to be $143.7M while total expenses expect to be $144.9M which results in a decrease in the fund balance of $1.2M. Ms. Torres noted that changes in revenue can be attributed to the COLA of 6.56% plus 3.2% augmentation, the timing of ELO and ESSER. The revenue also includes $6.5M COVID relief grants for 21-22 and $6.4M COVID relief for 2022-23. Contributing to total expenses are hiring vacancies, increased STRS and PERS rates, worker’s compensation insurance, new grants such as ELOP and DOJ and higher transportation costs and utilities.

Ms. Kimmel shared information pertaining to enrollment and ADA, noting that using the Governor’s proposal of the three year average will help the District.

Ms. Kimmel went on to discuss multi-year projections noting that enrollment relays into an ADA number which makes a big difference in the financial outlook. She also noted that no budget efficiencies were layered in for 22-23 and 24-25 yet due to the increase of the LCFF funding. Ms. Kimmel also shared that these numbers do not include raises and that those will be addressed in negotiations. Once those are in place, budget cuts needed for the future can be examined.

Ms. Kimmel noted that the operational deficit has not been solved and that the District needs to keep maneuvering operations so it is cost-neutral.

Ms. Torres spoke about the upcoming budget timeline:

Ms. Torres stated that the reserve cap recommendation is to open a fund and commit balances which would consist of the following actions:

**Action 2:** Commit all amounts deposited into Fund 17 to protect against unforeseen revenue shortfalls and/or unanticipated expenditures.
